<b>GENERAL INFORMATION:</b>		
<p>Based on thorough research, investigation and testing, the IT Division of the Communications &amp; Technology Services Department recommends replacement of the current Panasonic Toughbook CF-31 fleet of ruggedized laptops with 16 Panasonic Toughbook CF-31, i7 laptops for Police vehicles. Also recommended is the replacement of 2 Panasonic Toughbook CF-31 laptops with the more cost-effective Panasonic CF-53 semi-ruggedized laptops for the Police Precinct Office located at Southdale Center. The proposed laptops will incorporate Gobi card technology as well as Federal and State mandated two-party authentication protocol. The current laptops have been utilized extensively for a five-year period. This recommendation is a scheduled replacement based on City guidelines and will be funded through Police Equipment Replacement funds.</p>
